**Perinatologist Referrals**

This is a listing of specialists we commonly refer to. If you have another perinatologist you would like to schedule with, we are happy to provide a referral to them as well. You will need to provide their fax number so we can send the referral request to them directly.

**Appointment Directions:** Call the provider AND your insurance company to confirm that the provider is in-network with your policy. We can NOT tell you who is in or out of your network. Make an appointment, specifying you are a patient of MMC. Their office will likely notify you that a referral is required. Tell them we will be faxing it over to them. Call MMC and let the front desk know who you will be seeing and when.

Please note; these providers do their own billing. Their fees are not part of the funds you pay to us. Please be aware of insurance coverage, availability, co-pays, missed appointment fees and other requirements their office may have.
